

New Bombay City School, CBSE

Welcome to Pre-Primary Wing

The Pre Primary wing is the edifice that helps to become fully groomed and a proficient individual. It comprises of dedicated and agile teachers and latest infrastructure to promote student friendly and child centred atmosphere and teaching.

Digital interactive learning

While lock down, we are striving to recreate our classroom. Our classrooms are spaces where children are encouraged to explore, play, wonder, critical thinking, find answer through observation and experimentation.

At **New Bombay City School, CBSE** we create an environment to learn through active exploration and interaction with teachers, other children and the world around us. The curriculum is designed to meet the approach and the need of the child. We have procedure of after school enrichment program in which we offer parents the option to extend the day of their child for one more hour to help the child in his/her regular activities.

We focus on cultivating our children's long term social, emotional and academic potential of leading learning process to create unique genius in every child. The dynamic curriculum adapts to each student's talent and interest.

 - ✓ Music
 - ✓ Dance

What do our parents say

School has given to my child an exposure to various activities based on experiential learning. My kid enjoyed a lot in Virtual Annual Day. It was a pleasure to see the lovely children showcasing their talents with so much confidence and enthusiasm. Great School, Cooperative staff members.

Mr. Pankaj Khajuria

School has made my child independent, responsible and cooperative. He has started taking care of himself.

Dr Sanjay Mishra

New Bombay City School, CBSE
